Illini Bluffs and Hollis Park District

Before and After Care

About the Program

Illini Bluffs and Hollis Park District's Before and After School Care Program, located at Illini Bluffs, is a safe, fun, and happy environment for children ages 5-12. This is more than just a child care program. We focus on providing a creative and positive environment where children can learn, enhance their self-esteem, and experience personal growth.

Participants will enjoy an after-school snack, make new friends, create arts and crafts, have the opportunity to work on homework, and participate in recreational activities that promote healthy development.

Enrollment is open year-round to families and students of Illini Bluffs. See Mrs. Cluney in the Before and After Care classroom for more details and how to enroll.

Our Commitment

We will help all children learn.
We will greet all children with a smile.
We will treat all children as if they were our own.
We will treat all children with dignity and respect.
We will assure the center is a safe place for all children.
We will provide all children with a tasty, healthy snack.
We will listen to you and your children.
